Applicants are enclosing Form PTO-1449 (three sheets), along with a copy of each listed reference for which a copy is required under 37 C.F.R. § 1.98(a)(2). As each of the listed references is in English, no further commentary is believed to be necessary, 37 C.F.R. § 1.98(a)(3). Applicants respectfully request the Examiner's consideration of the above reference(s) and entry thereof into the record of this application.

Reference A70 listed on Form PTO-1449 describes a waste treatment system that was quoted in Taiwan in September 2002. Because the system was quoted in Taiwan, Applicants do not believe that it was the subject of a quotation "in this country" under 35 U.S.C. § 102, but are submitting it in an abundance of caution.

Reference A72 is not dated, but it is Applicants' understanding that it was publicly available at least as of September 27, 2003.

By submitting this Statement, Applicants are attempting to fully comply with the duty of candor and good faith mandated by 37 C.F.R. § 1.56. As such, this Statement is not intended to constitute an admission that any of the enclosed references, or other

information referred to therein, constitute "prior art" or are otherwise "material to patentability," as that phrase is defined in 37 C.F.R. § 1.56(a).

Applicants have calculated no fee to be due in connection with the filing of this Statement. However, the Director is authorized to charge any fee deficiency associated with the filing of this Statement to a deposit account, as authorized in the Transmittal accompanying this Statement.

Respectfully submitted,
